## Sandwell Pharmaceutical Needs Assessment (PNA) Steering Group

### Terms of Reference

#### **Background**

From 1st April 2013, the Health and Social Care Act 2012 established Health and Wellbeing Boards (HWBs). Every Health and Wellbeing Board in England has a statutory responsibility to publish and keep up to date a statement of the needs for pharmaceutical services for the population in its area, referred to as a 'Pharmaceutical Needs Assessment' (PNA). The HWB's fourth revised PNA must be published by October 2025.

The PNA will help in the commissioning of pharmaceutical services in the context of local priorities and will be used by NHS England when making decisions on applications to open new pharmacies (referred to as the market entry test). As these decisions may be appealed and challenged via the courts, it is important that PNAs comply with regulations and that mechanisms are established to keep the PNA up to date.

To comply with the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, widespread consultation of the draft PNA is needed with a minimum period of 60 days for response.

#### **Membership**

**Chair: Ellen Blakey** – Public Health Registrar, Sandwell MBC

**Lina Martino** – Consultant in Public Health, Sandwell MBC

**Christine Wright** – Research & Intelligence Specialist, Sandwell MBC

**Nathan Lauder** – Information Analyst, Sandwell MBC

**Ali Din**- Community Pharmacy Black Country

**Alexia Farmer**- Healthwatch Sandwell

**Sandeep Pahal**- Black Country Integrated Care Board

**Amritpal Randhawa**- Sandwell resident, Independent Strategic Advisory Board, Chair of Healthwatch Sandwell

**Paul Higgitt**- Engagement lead, Healthwatch Sandwell

**Peter Prokopa** – Chief Officer, former Community Pharmacy Sandwell

**Jonathan Boyd** – Head of Medicines Management, Black Country Integrated Care Board

Note: Peter Prokopa and Jonathan Boyd are no longer members of the steering group.

#### **Quoracy**

A meeting of the group shall be regarded as quorate provided that when a core member is unable to attend a representative shall be in attendance.

## **Key Responsibilities**

1. To revise the current PNA and to develop a new PNA for Sandwell HWB that fulfils the statutory requirements in accordance with the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, the NHS Act 2006 (as amended by the Health and Social Care Act 2012) and the NHS Act 2009 (chapter 21, part 3).
2. To assure the HWB that all statutory requirements regarding the PNA and Supplementary Statements are met.
3. To ensure systems and processes are in place for assuring that the pharmaceutical needs of the local population are identified, optimised and provided for.
4. To ensure active engagement with key stakeholders throughout the process of revision including Community Pharmacy Sandwell, the Local Medical Committee (LMC), Public Health, West Midlands Pharmacy Contract Team, the Black Country Integrated Care Board (ICB), Healthwatch, the Local Professional Network (LPN) and a range of other teams within Sandwell Council.
5. To ascertain and collate the core information needed from local needs data to support the process and to consider other sources of information where needed.
6. To ensure that the PNA reflects future needs of Sandwell's population.
7. To produce reports and briefing papers for the HWB.
8. To integrate with Sandwell's Joint Strategic Needs Assessments and to ensure that the outputs of the PNA are suitable to be utilised to influence commissioning.
9. To establish milestones for completion of the PNA and to oversee the progress of revision.
10. To establish arrangements to ensure the appropriate maintenance of the PNA, following publication, as required by the Regulations.

## **Reports and Briefings for HWB Assurance**

Two HWB reports will be prepared, one prior to consultation and one prior to publication of the PNA.

## **Frequency of the Meetings**

It is envisaged that the group will communicate electronically as often as required to ensure successful completion of the PNA.

Following publication of the final PNA, the PNA Steering Group will be convened on an ‘as required’ basis to fulfil its role in timely maintenance of the PNA.

## Appendix 11: Glossary

Term	Definition	Acronym
<b>100-hour pharmacy</b>	The NHS Pharmaceutical Services Regulations 2005 stated that a 100-hour pharmacy provides pharmaceutical services for a minimum of 100 hours per week. Amendment to the regulations in 2023 outlined that 100-hour pharmacies can apply to reduce core contractual opening hours to at least 72 hours per week, subject to requirements- such pharmacies are referred to as 'former 100-hour pharmacies'.	
<b>Advanced Services</b>	Pharmaceutical Services that <u>may</u> be provided by pharmacies only if training is completed, commissioned by NHSE.	
<b>Appliance Use Review Service</b>	A service to improve patient knowledge and use of any specified appliance (e.g. stoma appliance, incontinence appliance) by assessing how the patient uses it, resolving issues of poor usage, and advising on safe storage and disposal.	AUR
<b>Dispensing appliance contractors</b>	A contractor that typically dispense appliances only (e.g. continence and stoma products), not medication. They also may deliver related services such as Stoma Appliance Customisation and Appliance Use Review Service.	DAC
<b>Distance selling pharmacy</b>	Pharmacies that do not provide essential services face-to-face to the public. They currently can provide advanced, enhanced, and locally commissioned services on-site, although this is due to change due to the Community Pharmacy Contractual Framework (CPCF) 2025/26 update.	DSP
<b>Emergency Hormonal Contraception</b>	Emergency Hormonal Contraception is used to reduce the chance of you getting pregnant after unprotected sex (sex with no contraception). In the context of provision from pharmacies this refers to the emergency contraceptive pill ("morning after pill").	EHC
<b>Enhanced Services</b>	Pharmaceutical Services that <u>may</u> be provided, planned to meet the needs of the local population, commissioned by NHSE.	
<b>Essential Services</b>	Pharmaceutical Services that <u>must</u> be provided by all pharmacies and are commissioned by NHSE.	
<b>Health and Wellbeing Board</b>	A board which brings together key stakeholders across the council to ensure that services align with shared goals.	HWBB
<b>Health inequalities</b>	Differences in health between different groups of people, that are unfair and could be avoided.	
<b>Healthwatch</b>	An organisation, that acts on a local and national level, to consider the views of the public on their health and social care systems to be a champion for change.	
<b>Healthy living pharmacy</b>	An essential service. Healthy Living Pharmacies offer a range of services and advice to encourage healthy behaviours. The three pillars of the Healthy Living Pharmacies framework are workforce development, engagement, and environment.	HLP
<b>Integrated Care Board</b>	A group of representatives from NHS organisations, local authorities, and other partners, who are responsible for planning and funding decisions for NHS services in a local area	ICB
<b>Joint Strategic Needs Assessment</b>	A process used to gather data to gain an understanding on the current and future health of the local population. The aim of	JSNA

Term	Definition	Acronym
	the JSNA is to provide the data to inform priorities, and plan services effectively to meet the needs of the local population	
<b>Lateral Flow Device Service</b>	Provision of lateral flow device testing for patients who are at increased risk of serious illness from COVID-19 and may be eligible to treatment if they test positive.	LFD
<b>Local authority</b>	Also known as a 'council'. This is a governing body that is responsible for planning and providing important services in a local area.	
<b>Locally commissioned Service</b>	Pharmaceutical Services that <u>may</u> be provided, planned to meet the needs of the local population. These are commissioned at a local level by the ICB and Local Authority Public Health or indirectly through service providers.	
<b>Necessary Pharmaceutical Services</b>	Services which the Health and Wellbeing Board (HWBB) think are necessary/crucial to meet the needs of the local population. For Sandwell this definition includes: all essential services, and the following advanced services: Flu Vaccination Service, Hypertension Case Finding Service, New Medicine Service, Pharmacy Contraception Service, Pharmacy First Service.	
<b>Needle exchange service</b>	A service that offers safe disposal of needles and syringes used to inject drugs, and provision clean injecting equipment. The aim is to reduce the risk of getting or passing on blood borne infections through using dirty equipment for drug use.	
<b>New Medicine Service</b>	Support provided by pharmacies to ensure that patients with long-term conditions have a good understanding of the rationale for being prescribed new medicines, how to optimise their effectiveness and safe usage. This is through an initial consultation and two follow-up discussions.	NMS
<b>NHS England</b>	NHS England is an organisation that leads the National Health Service in England. It oversees funding allocation, monitors performance targets, and implements strategies such as the NHS Long Term Plan. There are plans to abolish NHSE, with powers returning to central government.	NHSE
<b>Pharmacy Access Scheme</b>	A scheme to protect a baseline level of patient access to NHS community pharmaceutical services across England. This is through additional monthly payments to eligible pharmacies, determined by the need of the local population, and the geographical isolation of the pharmacy.	PhAS
<b>Pharmaceutical services</b>	A broad term that covers a wide range of services delivered in a pharmacy setting.	
<b>Pharmacy</b>	A pharmacy is a place where medicines are prepared and provided. Pharmacies may also provide other services to support your health and wellbeing such as advice on your medicines and minor illnesses.	
<b>Pharmacy Contraception Service</b>	This service allows community pharmacy teams to offer advice and start oral contraception ("the pill"), continue oral contraception prescribed elsewhere, and provide ongoing management e.g. annual reviews, blood pressure checks. They should signpost patients on where to access other related services e.g. "morning after pill", long-acting reversible contraception such as the Mirena Coil.	PCS
<b>Pharmacy delivery service</b>	Prescribed medicines delivered from your pharmacy to your door.	

Term	Definition	Acronym
<b>Pharmacy First Service</b>	A service in which pharmacists can offer advice, and treatment, where clinically appropriate for seven common conditions (with age/sex restrictions).	
<b>Pharmacy Quality Scheme</b>	A scheme to incentivise community pharmacies in England to improve clinical effectiveness, patient safety, and patient experience. This is through the requirement for pharmacies to meet the gateway criterion and quality criteria.	PQS
<b>Smoking Cessation Service</b>	This service is for patients who start a Stop Smoking programme as an inpatient in hospital and are referred to their community pharmacy to complete the programme.	
<b>Stoma Appliance Customisation</b>	This service offers personal customisation of a quantity of more than one stoma appliance. Customisation is based on the patient's measurements or a template, to improve comfort.	SAC
<b>Supervised consumption of methadone</b>	Medications such as methadone can be prescribed to help people who are addicted to heroin or other opiates drugs, to reduce their use. In supervised consumption, a pharmacist will watch the patient take the dose of methadone. This will help the patient take the medication safely and as prescribed.
